## Saudi Oger Wins the Scarf of Distinction for Its Efforts and Achievements in the Domain of Construction Works

**The UAE Minister of Economy honors Saudi Oger wins the scarf of distinction for its efforts and achievements in the domain of construction works**

**Mr. Fahed Al Mosabahi**  
Receiving Award on the Behalf of Saudi Oger

The Emirates Minister of Economy, Saeed Al Mansouri, honored Saudi Oger Ltd. with the Golden scarf of distinction, for what the company has provided of achievements and fingerprints of Success in its domains of work that reflected on the Growth and the economy, during the coronary ceremony of the academy Awards in the Arab region that took place in Dubai.

Mr. Fahed Al Mosabahi, represented Saudi Oger and received the honorary shield from the Minister Al Mansouri. The ceremony was attended by Dr. Mohammad Issa Al Odwan, Ambassador of the Arab cooperation in the Arab Organization for Social Responsibility and representatives of the diplomatic corps in the UAE and a number of government officials and participants from Arab countries, and other attendees from the government and private companies and institutions and the media in addition to some Leading Police members of the United Arab Emirates and the banks and the business sector in the Arab region.

Sultan Bin Saeed Al Mansouri, Minister of the Economy of Emirates, thanked all who contributed in bringing the UAE and the Gulf region to the top even though it was difficult due the hard living conditions and he added that manpower of the country and contributors has brought 'UAE and the Gulf region to what it is today.

Pierre Moukarzel, The President of the Academy Award in the Arab Region, said that even when this event is to celebrate and to coronate those who contributed in the world of leadership and management and the matters of distinction and quality and standards of social responsibility, it is of special importance to us for the big development that happened in our Arab world on the levels of applying theories of leadership, management and organization until we reached a stage where we passed all the traditional theories of success, which is definitely a huge quantum leap that the UAE and some other countries in the Arab region has achieved.
